

Notes on proposed changes to July 2017 Rules of Association

- *1 In the existing Rules of Association page 3 'Core information lodged with the Commissioner', Item C - Our Mission Statement - reads: The Glyde-In Community Learning Centre provide a venue for learning, recreation and social participation. Items B and D, Glyde-In Vision and Statement of Purpose duplicate this intention and it is therefore proposed to remove the Mission Statement completely.
- *2 Page 3 Item E 6 in the existing rules -"to perform other tasks consistent with these objectives (as decided by the centre)". This item is proposed to be removed as being obscure and irrelevant.
- *3 Page 3 Item G, Quorum numbers revised. General meeting quorum increased from 12 to 20. Current Glyde-In membership is in excess of 600 so it is felt that an increase is warranted. Committee quorum is changed from six to 50% plus one. The present committee consists of the maximum allowed 12 and the change should avoid an even number.
- *4 Page 5. Membership now limited to over the age of 18, this was previously implied but not specified.
- *5 Page 6. Life Members added to confirm ability to vote at meetings.
- *6 Page 12. Nomination for committee now requires two members.
- *7 Page 16. Quorum for committee meetings re-defined as above in *3
- *8 Page 16. Alternative quorum for committee meetings increased from 4 to 6. It was felt to be undesirable to allow a possible quorum to consist of only office bearers.
- *9 Page 19. Quorum for general meetings revised as above.
- *10 Page 20. Alternative quorum for general meetings revised. It previously was 6 ordinary members. The words (not including committee members) have been added to clarify the meaning.
