TALK 1: MINING LEGACIES

AS3

Friday 14 August, 2 - 3pm

There are more than 50,000 mining legacies in Australia, more if we add those in 'care and maintenance' to the list of abandoned, or orphan mines. Despite recent regulatory reforms, the various impacts of these sites continue to endure, raising the prospect of a lasting "rehabilitation debt" for future generations.

TALK 2: MINING ON INDIGENOUS LANDS

AS4

Friday 21 August, 2 - 3pm

In addition to the usual impacts (environment, social, economic) of the mining industry, mining on Indigenous lands can create additional issues affecting individual well-being, relations between community members and with the land. Based on experience from Australia, Papua New Guinea and research in Chile, Charles will explore the nature of these impacts and how different world views can shape very different experiences of mining.

AI UNPACKED

AS5

Alex Jenkins

Monday 17 August, 10 - 11am

Artificial Intelligence is reshaping the world around us at a remarkable pace, but how much do we really understand about it? Join Alex Jenkins, Director of the WA Data Science Innovation Hub and founder of the Curtin AI in Research Group, as he explores both the opportunities and limitations of AI, along with the deeper questions it raises about education, creativity, and critical thinking.

THE FIRST WESTERN AUSTRALIAN SONG

AS6

John Ralph, musicologist

Thursday 20 August, 10 - 11am

In 1829, free settlers from Great Britain and Ireland arrived at the Swan River Colony, bringing their music with them. What role did this music play in establishing a colony at the far reaches of the British Empire? Diaries from early pioneers suggest that, within the first ten years, some music began to adopt a distinctly Western Australian focus - hinting at a shift as colonists started looking away from Britain and towards a future in a new colony.

AVIAN INTELLIGENCE AND PROBLEM SOLVING AS7

Lou Scampoli, Birdlife WA
Thursday 27 August, 10 - 11am

(Back by popular demand) Avian intelligence, particularly in corvids (crows, ravens, jays) and parrots has recently been recognised as rivalling that of primates, defying the 'birdbrain' stereotype. Birds exhibit advanced cognitive abilities, including complex tool use, casual reasoning, self-awareness and social cognition. Join Birdlife Australia volunteers to hear about the different types of avian

intelligence and how they can achieve these advanced cognitive skills despite having smaller brains than primates.

SHAKESPEARE AND THE ENGLISH RENAISSANCE

Dr Alan Hancock, writer AS8
Monday 31 August, 10 - 11am

Shakespeare was one of many playwrights in Elizabethan London and was not considered the greatest of his time. So why did he become the world's best-known and most performed playwright, while contemporaries like Christopher Marlowe, John Webster and Thomas Middleton are now far less remembered? Alan will explore the life and work of the Bard and the theatre world he lived in.

MY CRAZY LIFE AND TIMES

Sandra Ramini AS9
Monday 7 September, 10 - 11am

Sixty something years ago, Sandra set sail for England seeking fame and fortune. London was at the centre of all that was exciting and getting a job at the BBC through sheer accident and a lot of nerve, she met and interviewed many of the big names, including Muhammad Ali, Dames Maggie Smith and Joan Collins, Mick Jagger, Michael Caine, Sean Connery and Michael Jackson. She hopped into bed with John Lennon and Yoko Ono, got to know Dolly Parton and Lord Louis Mountbatten. Dame Barbara Cartland became a friend. Now back home in Perth and, in what she calls ACT III of her life, she's written a book about it.

EUROPEAN MIGRANTS IN WA GOLD-MINING INDUSTRY AND THE SOUTHWEST

Criena Fitzgerald, historian
Series of 3 talks: Thursday 10, 17 & 24 Sept, 10 - 11am.
Enrol in one talk, or all three.
Per talk: Member \$14 / Member conc \$11 / Non-member \$18

TALK 1: MIGRATING FOR GOLD AS10

Thursday 10 September, 10 - 11am

A unique overview of the history of the WA goldfields from the perspective of European migrants, who faced many challenges including disease, racism, and complex bureaucracy both before World War I and after World War II.

TALK 2: MANJIMUP - TIMBER TO TOBACCO AS11

Thursday 17 September, 10 - 11am

Discover the important contribution European migrants made to WA's timber and tobacco industries, and hear about the varied experiences and challenges they encountered along the way.

TALK 3: NOT CALLING AUSTRALIA HOME AS12

Thursday 24 September, 10 - 11am

Join Criena as she explores the experiences of Yugoslav migrants and their sense of Australian identity. She'll discuss the 1934 riots, their effect on migrants resulting in their exodus after the war to help rebuild Tito's Yugoslavia, and the surprising events that unfolded afterwards.

THE HIDDEN COSTS OF AUKUS AS13

Gwenael Velge, Mineral Policy Inst. Research Associate
Monday 14 September, 10 - 11am

Gwen's research begins here in WA - with the clearing of Jarrah forests, the approval of a submarine base seeded with nuclear waste, and data centres marketed as strategic assets competing for water a city can't spare. Gwen argues these issues are deeply connected to AUKUS, the security partnership between Australia, the UK and the USA, extending far beyond nuclear submarines into AI, cyber technologies, critical minerals and industrial expansion urgency.

DEVELOPMENT OF BURSWOOD PENINSULA & CAUSEWAY AS14

Duncan Robinson, retired engineer

Monday 21 September, 10 - 11am

The current Causeway bridges linking Victoria Park to the Perth CBD opened in 1952. Their construction was shaped by the history and development of the Burswood peninsula, dating back to pre-European settlement. This talk briefly explores that history and takes a unique look at the building of the bridges through rare photographs of their construction.

MEANING AND PURPOSE IN A CHANGING WORLD
Meera Finnigan BN3
4 Thursdays: 6 - 27 August, 1 - 3pm
 If one believes that everything is material and everything can be rationally understood (and certainly much can be), gone is the mystery and enchantment of living. This misses the possibility that life can be filled with sweetness, meaning and purpose. We'll explore these ideas by drawing on philosophical thinkers of the ancient world, theological thought, poetry, and French Existentialism.

SWAN VIEW RAIL TUNNEL AND JOHN FORREST NATIONAL PARK WALK DO1

Terry Scudder

Wednesday 29 July, 8.15am - 3.30pm

Bus trip. Join us for a walk through C.Y. O'Connor's iconic brick lined Swan View Rail Tunnel. At 340 metres long it was WA's first and only rail tunnel at the time and is reputed to have spooky and haunted vibes. After the tunnel, we'll walk 3km on a flat gravel path along the John Forrest Heritage Trail, passing the park falls along the way (bring morning tea to have at the falls). From there we'll be picked up by bus and taken to the Parkerville Tavern for lunch (at own cost) before returning via the scenic drive. Bring a torch if you can and wear suitable shoes and clothing as the tunnel can be damp and dark.

Meet at East Fremantle Community Park carpark, corner of Moss & Marmion Streets at 8.15am for 8.30am departure.

WHO WE ARE

Glyde-In Community Learning Centre has been operating since 1981. We offer courses, talks and activities that we hope will enrich members' enjoyment and knowledge, and foster a healthy community life. We aim to be a source of learning that doesn't cost the earth, that doesn't need prior knowledge or qualifications, and asks only a small commitment of time. Our courses are non-competitive and informal.

Glyde-In is a not-for-profit organisation managed by a volunteer management committee. Our staff members work part time, and our volunteers play a significant role in the life of the Centre. A copy of Glyde-In's constitution can be found on our website.

Most of our funding is generated through membership and course fees. We are also grateful for the support of the Town of East Fremantle through provision of our building and ongoing operational funding.

HOW TO ENROL

Enrolments open **Wednesday 22 July at 8.30am in person (or online from 9am)** and continue through the term, spaces permitting.

Any enrolments received early are processed on Enrolment Day. If your choice of activity is full you will be placed on a waitlist and we'll contact you if a place becomes available. All courses require a minimum number of enrolments to proceed. We will let you know if a course is cancelled.

Please choose carefully as refunds or credits are not issued if you cancel after enrolment week. However if you find that you can't attend, you're welcome to transfer your booking to another person; just let us know if you do.

We appreciate notification if you are not able to attend on the day.

Our enrolment form is on the last two pages and has a list of all courses and activities. Simply place an **X** against the ones you want. Circle the fees that apply, complete your name, membership and payment details. **A separate form is required for each person enrolling.**

Your receipt will list everything you're booked into and any for which you're on a wait list, as well as a list of things you might need to bring on the day, e.g. for an art class.

Non-members are able to take part in a single class or event per calendar year. If you wish to enrol in further activities, then a membership fee is required.
